SKILLS

Languages: JavaScript, CSS/SCSS, HTML, SQL, Bash

Frameworks/Libraries: Angular, React, Redux, Next, Node, Material UI, MongoDB, Mongoose, PostgreSQL, Express, Passport, Redis

Other: Git, Docker, AWS (EC2, S3)

PROFESSIONAL EXPERIENCE

Software Engineer (Contract) – Culture, Honolulu, HI May 2021 – Present

- Refactored and maintained the codebase by implementing reusable SCSS styles, user authentication services, and user centered design flow.
- Modeled the functionality of the event creation and management by conducting research on similar apps to optimize and improve UX.
- Created and documented components for an internal library to reduce redundant code.

Front-end Engineer – RendezView, Honolulu, HI Nov 2020 – Present

- Worked closely with engineers and designers to implement a UI/UX overhaul providing an enhanced user experience with improved web functionality and responsive design for a version 2 release on Product Hunt.
- Collaborated with product owners to designate milestones for future feature integration.
- Refactored CSS into global styles with SCSS and created dynamic styled components for reusability and uniformed styles throughout the application.

PROJECTS

QueueApp – Auth0 Hackathon Aug 2020 – Nov 2020

A JavaScript web application targeted for retailers to allow customer reservation and queue management during the Covid-19 pandemic.

- Two-factor authentication with Twilio to further secure business sign-up verification.
- Text notifications through Twilio to notify customers when reservation is ready.

Blurange – DevLeague Nov 2019 – Dec 2019

A web application that transforms an uploaded resume or LinkedIn data into a personalized and editable website portfolio for developers.

- Handled project deployment of the backend with Docker and an EC2 instance and the frontend with an AWS S3 bucket.
- Implemented OAuth2.0 with Passport.js using the Github and LinkedIn strategies.

EDUCATION

Full Stack Web Development – DevLeague

Jan 2019 – Dec 2019

B.S Kinesiology & Rehabilitation Sciences – University of Hawai'i at Manoa

Aug 2014 – May 2018
